

Table for Two

Joe

I know you like that.

Girl, tonight is all for you, a special rendezvous, a table for two.

A table for two, dinner room with a view.

Your body's on my menu. Let me eat it up

Gonna start at your toes til I heat it up,

A table for two.

Tonight I'm gonna eat on you, but there won't be no I.O.U.s,

No teasing you, gonna kiss on your lips where it's pleasing you.

Come on in, lay the table, it's your body I wanna feast.

Girl tonight, I'll be your waiter, I'm gonna serve a midnight treat.

Would you like a little teaser, enough to wet your appetite.

A little taste of something sweeter, served just the way you like.

I wanna taste your wine, I want your lips on mine.

I wanna pleasure you, baby, anyway you want me to.

A table for two, dinner room with a view.

Your body's on my menu. Let me eat it up

Gonna start at your toes til I heat it up,

A table for two.

Tonight I'm gonna eat on you, but there won't be no I.O.U.s,

No teasing you, gonna kiss on your lips where it's pleasing you.

I'll make you say oh, a little more,

I think you're ready for the main course.

A little cream, and cherry thing,

That I can spread below your navel ring.

I work my way down just a bit lower,

I wanna kiss your body right,

And just when you think it's over,

I'll make it last all night.

I wanna taste your wine, I want your lips on mine.

I wanna pleasure you (if it's alright girl),

Baby, anyway you want me to.

A table for two, dinner room with a view.

Your body's on my menu. Let me eat it up

Gonna start at your toes til I heat it up,

A table for two.

Tonight I'm gonna eat on you, but there won't be no I.O.U.s,

No teasing you, gonna kiss on your lips where it's pleasing you.

Fingertips, on your lips, don't it make you wanna cream,

Don't say sssh, taste so sweet, on my tongue,

I can feel your sugar walls, here it comes.

A table for two, dinner room with a view.

Your body's on my menu. Let me eat it up

Gonna start at your toes til I heat it up,

A table for two.

Tonight I'm gonna eat on you, but there won't be no I.O.U.s,

No teasing you, gonna kiss on your lips where it's pleasing you.
