

Wanna Be Your Lover

Joe

I'm feenin' for you girl, I got it bad
You turn me on when you walk like that
For heaven sake
Your body is perfect in every place
Think God broke the mold when he made
The most beautiful girl that I have ever faced
I wanna give you lovin' all day
Then give it to you all night

When you call, just say J
Ya burnin' for lovin'
I'll heat it up just like a oven
I wont stop, stop, stop, 'til your screamin' out
That I'm all that you need
Cuz I, wanna be your, wanna be your, wanna be your lover
And I, wanna be your, wanna be your, wanna be your lover
