

# Captivated

Joel Faviere

I kept on waiting for someone like you  
Now we're makin' out inside this room  
Let's make your wildest fuckin' dreams come true  
Just like they did for me when I met you

Asphyxiated from the way you move  
(you move, you move)  
I'm captivated by your mind and mood  
Let's go  
Let's go

Can't you see the passion in my eyes?  
Cause it's been buildin' up buildin' up way too long  
It's been buildin' up way too long

Asphyxiated from the way you move  
I'm captivated by your mind and mood  
Asphyxiated from the way you move  
I'm captivated by your mind and mood  
Let's go

Well, I hope you like slow jams  
The Sinatra type of shit  
Cause' you got me so impressed  
The way you're  
Grindin' up  
Grindin' up  
Grindin' up on that shh

ohhh

Makin' you say damn  
While the lights are gettin' dim  
And now we're gettin' down with the sin  
Lemme dive right in

Asphyxiated from the way you move  
(you move)  
I'm captivated by your mind and mood  
Let's go  
Let's go

Can't you see the passion in my eyes?  
Cause it's been buildin' up buildin' up way too long

Asphyxiated from the way you move  
I'm captivated by your mind and mood  
Asphyxiated from the way you move  
I'm captivated by your mind and mood  
Let's go...
