

Summer

Joel Faviere

What about the times we spent?
Swimmin' in the nervousness
Of all of this
I wrote a couple thousand songs about love,
But none turned out like this, hoah
Cause all I need
All I need, babe, is you up my sleeve
And a million melodies
We found eachother
Broken in the gutter
I fell so hard, I scraped my knees
Cause all I need, all I need
Is my baby in the summa', summa'
Cause all I need, all I need
Is my baby in the summa', summa'
Cause all I need, all I need
Is my baby in the summa', summa'
We found eachother
Broken in the gutter
I fell so hard, I scraped my knees
(Ya know, ya know, ya know..)
The one I got my eye on
The one I got my time for
The one I got my love away
When you give someone your trust, it's a different kinda' rush
I can't even get words to explain
Cause all I need
All I need, babe, is you up my sleeve
A million enemies, no apologies
We found eachother
Broken in the gutter
I fell so hard, I scraped my knees
Cause all I need, all I need
Is my baby in the summa', summa'
Cause all I need, all I need
Is my baby in the summa', summa'
Cause all I need, all I need
Is my baby in the summa', summa'
We found eachother
Broken in the gutter
I fell so hard, I scraped my knees...
