

## Killed For Less (Intro)

Joell Ortiz

They tell me we gonna catch you one of these nights  
and we gonna kill you  
It don't matter, it don't worry me really  
cause they all tell me the same  
(That doesn't bug you at all?) Nope  
(Some people would say they'd be very worried)  
(if someone told them that - why, why, why don't you?)  
Because, y'know  
If I'm gonna die y'know  
Let it happen now than later
