

# So Hard

Joell Ortiz

Yaowa

Hard of gettin out of bed each and every day  
I got a hookat a job that I really hate  
I gotta bring him home a much much better way  
I'm never ever gonna give up (never give up)  
I can't hear all the negative you got to say  
I got my plane and now I'm gonna make a way  
Straight to the top where there's a finer way  
I did it by myself with no help along the way

They want me to quit, so I work so hard  
Get off of my dick, homie this my job  
I ain't got no time to play no games  
Baby it's showtime, they called my name  
Don't know about you chump, but I'm gon' win  
Go get your whole crew punk, cause I go in  
You witnessin greatness, embrace this girl  
Don't let me waste this, come taste this girl  
I come from the projects, so yes I'm hood  
But I ain't gon' smack y'all unless I should  
So stay out my way boy and it's all good  
I'm doin it playboy, I wish y'all would  
Come try to stop me, oh no not now  
I'm feelin like Rocky, I won't go down  
I'm headed right to the top whether you like it or not  
Haters would like me to stop; IT'S SO!

I'ma never give up, I ain't you, ahh  
Like a really good nut, I came too far  
Can't settle for less, I'm the best, hands down  
Put me to the test, EMS, man down  
Y'all think it's a joke, but my ass don't laugh  
I came up broke, I ain't have no cash  
So I ain't the one for all the nonsense, boi!  
Don't have me killin you on my conscious, boi!  
I know it get tough, but I will survive  
The road is rough, but I got four-wheel drive  
I am a hustler, my time is close  
You just a (Buster), go find some (Ghosts)  
Your face look angry, that makes me proud  
So nah don't wait, please just hate me now  
I'm just payin my dues and steady makin my moves  
I know y'all prayin I lose; IT'S SO!

It's hard comin from the bottom  
So hard, the pressure to the top  
But there's no going back now  
Don't you quit, don't you give up  
Don't you give up! No (never give up)  
It's hard comin from the bottom  
So hard, the pressure to the top  
But there's no going back now  
Don't you quit, don't you give up  
Don't you give up! No

Every day when I wake up, I thank that man  
I don't complain, nope! I play my hand

Pray on my downfall, no that won't work  
Your flow like a ground ball, man y'all so dirt  
I'm so monstrous with this brain  
Oh so awesomeness, feel this flame  
I'm no narcissist but I'm so fly  
I should go on Mars and just tell y'all bye  
I'm workin so hard, so with that said  
I get right on my job, when I leave this dead  
I'm watchin my carbs, but I need this bread  
I wanna be large, like my pitbull's head  
So I won't let up like constant rain  
Fam y'all just suck, constant brain  
Homie your flow is too frail for toe-to-toe with Joell  
I know you want me to fail; IT'S SO!
