

# Pantie Raid

Joey Bada\$\$

[Verse]

Now age ain't nothing but a digit  
So baby if you're with it, we can kick it  
And get lifted off the Sour and the piff  
And start whispering, and start kissing  
Your red bottoms knocking on my Pippens  
Tell me if you dig it, so we can get a dick in  
Life, she be bitching, so get it while you live it  
And stop fronting, you need to quit it  
I swear I'mma hit it, I just need you to pitch it  
So hollar if you're with it  
She tried to play me, She said that I'm only a baby  
She said she gets crazy, it'll probably amaze me  
She said that she too much, She don't think that I'm enough  
I got a smooth style, but she like to do it rough  
She caught me slippin', I wasn't trippin'  
Cause it ain't a joke how I be ripping up the kitten  
I told her listen, Lord knows that I'm a good Christian  
But we can do it in the tub or we can do it in the kitchen  
She started gigglin', She thinks I'm kiddin'  
I was on a mission, blowing double o's, always get the women  
I know she peep the fits, I told her read my lips  
Said we can do it like that or like this  
Cut the light switch  
Close your eyes, let the music intervene  
We can play some Marvin Gaye or a little Al Green  
We can listen to some Prince while I kiss up on your lips  
Or get right with Betty Wright, turn it up, that's my shit

[Hook]

This one is a pantie dropper, this shit is a pantie dropper  
This when her pantie dropping, this shit is a pantie dropper  
This one is a pantie dropper, this shit is a pantie dropper

This shit is a pantie dropper, this one is a pantie dropper  
This shit be pantie dropping, this one is a pantie dropper  
This shit is a pantie dropper, this one is a pantie dropper

[Outro]

Pussy is the greatest invention of the man upstairs  
Now you can see him in heaven putting it together  
You know the nigga was up there "Jesus, I got somn"  
Nigga wait till you see it"
