

Silent Night

Joey Bada\$\$

[Intro]

The force will be with you....always

[Hook]

She left and broke my heart like twice

(twice twice twice twice)

Now everything is dark and it's fucking up my life

(life life life)

And I just wanna make it right

(right right right)

But I won't make it through the night

(night night night)

[Verse 1]

Cause suicide is painless, so I'm about to aim this

Weapon of steel right to my brain and just bang it

32 in the clip but one is in the chamber

Click clack, hope it freeze me from my anger

If you don't plan on staying, I'm saying

I'm better off just laying

Six feet deep underneath the fucking pavement

At least you work the grave-shift for treating me like ape shit

I even wrote you love songs but money was your language

Just look at all the damage that you did

Chuckin' up the deuces to the suicidal vital motherfucking nuisance

I knew it, and now I'm about to lose it

Blood splatter on the wall recognize what you did

[Hook]

[Verse 2]

I mean I just don't understand

Thought I was the better man

And we had a fucking plan just to make it all work out

Turned out, you not the one for me and it wasn't meant to be

But I still can't see, need to face reality

Cause you everything I wanted, I got us

I said that on your behalf just trying to be modest

To be honest, but if I can't have you nobody can

Let me see you with another man and it's done for him

Call me fucking crazy but baby

How you gon' play me? I mean, have you seen me lately?

Went from elated to a swayze, ghostin'

Taking my life the only escape from you potion

[Hook]

[Verse 3]

Cause homicide is painful, bitch you should be thankful

I turned that fucking anal licking nigga into an angel

Fuck you mad at me for? Because I put the C4 in the car

And blew that motherfucker up, swerving off the Detour

Well hee haw, boo hoo; Now it's just we two

What you propose that we do?

(You hate me bitch?) Well me too

You turned me to a reject, dejected

But that presidential keeps me free stressing, I should be elected

I bet I'll win but I'm lost without you
Me minus her wonder what I'd amount to
Perhaps the suicidal bridal nigga I am currently
She ain't with my loving, she just only wanted currency

[Hook]
