It was love at the profile pic  
We was Facebook flirting, never even met her in person  
But it seem like we was soulmates on the phone late  
She my one and only, be there when I be lonely  
Whenever she get horny, she would call me  
But we speak in code cause her pop dukes be nosy  
Tap in to the line like, "Nigga who you trying to wife"?  
"I heard you was a rapper, but I don't see no lime light"  
"But look I got these eye sights, used to be in the army"  
"So don't you be retarded and make yourself a target"  
"That's my word mark it, and if you ever think about sex  
I want you to keep in my mind that my name is Mr. Marcus"  
"So, we will see who gets fucked, nigga"  
"Trying to run up out the door, I'm at the door like "Hey, what's up, nigga"  
?  
"You out of luck nigga, choppa in my trunk nigga  
If you feel a way, then tell your pops I said, "What's up, nigga"?

[Hook]

[Verse 2]

Oh, and by the way, I like a well done souffle  
Sit up under the stars, nice view of the lake  
And we can get baked. I bring the cake, you bring the 8th  
It's no backing down, it's 8 doobies to the face  
Fuck that, and if you act right, I might let you fuck that  
Grab up on my buttox and what not  
So you better be in order nigga  
Don't forget the product from them corner niggas

[Hook]

[Bridge]

I got what you want, I got what you need  
I got that fire, I got the trees  
Now let's get higher, let's be at peace  
With the 7 seas, birds and the bees

[Verse 3]

Said I'm down for whatever you down for  
We can catch a flick or do it quick on the down low  
I can go down slow, you can go up in  
When I'm in my zone I ain't stopping for nothing  
Said I ain't stopping for nothing  
When I'm in my zone I ain't stopping for nothing  
When I'm in my zone I ain't stopping for nothing  
Said when I'm in my zone, I ain't stopping for nothing

[Bridge]

I got what you want

I got what you need  
I got that fire  
I got the trees

I got what you want, I got what you want  
I got what you need, I got what you need  
Said I got that fire, I got the trees  
Now let's get higher, birds and the bees

Birds and the bees [x4]
