

# I Cried

Joey McIntyre

Do you remember  
How we'd hold each other tight?  
It was all I had  
To get me through the night.  
I can't believe that you are gone.  
Everything right, it all went wrong.

Do you remember  
How we kissed?  
You said you never felt like this.  
I guess I thought it'd never end.  
You know that you were my best friend.

I cried - and I don't care who knows it.  
I cried - I ain't too proud to show it.  
I cried - when you said good bye.

I wonder  
If you ever think of me.  
Or am I just another distant memory.  
And after all that we've been through  
It's just so hard  
To give up on you.

I cried and I don't care who knows it  
I cried and I ain't too...I cried, I cried, I cried  
When you said good-bye.  
I cried  
I cried.
