

The Difference

Joey McIntyre

I always knew the sun
Was shining but I never
Felt it shine on me
I always knew the birds
Could sing but I never
Heard the melody
Everytime I saw a chance
I would turn and walk away
The colors of my day
Were toned to blue and grey
Was lost in a world that was all just "ok"

Refren:
And the difference is you
Everything in my life
Feels a little bit clearer
The difference is you
Now I like what I see
When I look in the mirror
The difference is
While some people
Look for the answer
I don't waste my time
like I used to do oh no
The difference is you...

I always thought I had it all
but I only had a little piece
I always thought I knew
But never understood
Was hiding in the shadows
Of doubt too afraid of the bigger things
Was going though the motions
Living half asleep
Was lost in a world it was all just "ok"

Refren:
And the difference is you
Everything in my life
Feels a little bit clearer
The difference is you
Now I like what I see
When I look in the mirror
The difference is
While some people
Look for the answer
I don't waste my time
like I used to do oh no
The difference is you...

Every morning
when I wake up
I feel better (oh ya)
You helped me say it
"Never say never"
Cos my life was good
But you made it great

It was so worth the wait
All I know is...

Refren:

And the difference is you
Everything in my life
Feels a little bit clearer
The difference is you
Now I like what I see
When I look in the mirror
The difference is
While some people
Look for the answer
I don't waste my time
like I used to do oh no
The difference is you...
