

We Can Get Down

Joey McIntyre

It's a Party over here
There's a party over there
It's a Party over here
There's a party over there

I've been sweatin' you for such a long long time
I'll give you everything if I could make you mine
Girl, the time is now to let your feelings flow
I just got to know if we can, we can, we can, we can get down

We can get down
It's for real what you feel
It's all good babe
Oh yeah, we can get down
We can get down
Now's the time make you mine like I should babe
It's all good babe, it's all good

Now don't you try to front 'cause it's a mutual feelin'
No use trying to hide it 'cause your eyes are revealing
Don't you think it's time that we stop playin' games
I know you feel the same, so we can, we can, we can get down

We can get down
It's for real what you feel
It's all good babe
Baby baby, we can get down
We can get down
Now's the time make you mine like I should babe
It's all good babe, it's all good

We can get down
It's for real what you feel
It's all good babe
We can, we can, we can get down
We can get down
Now's the time make you mine like I should babe
It's all good babe, it's all good

We can get down
We can get down
Baby, baby, baby
We can get down
We can get down

From coast to coast, coast to coast
I kick mad stylish, no groove, no means to boast
Smooth like butter on your breakfast toast
And never never no fear cause I'm your host with the most
Quick to brag, I pat myself on the back
I stake the facts from (uh) front to back
I gotcha running like a horse, I got you hanging from my mic
Yo I ain't washed up so don't call it a comeback
You this king, and I'm the Lord of the Rings
And I write a book of rhymes like it ain't no thing
Well let's keep this party moving all night long
It's so catchy make you wanna sing the words to my song

And if you wanna dance just take the chance
Guys grab your girls and girls grab your men
Guaranteed to keep you feeling fine
Just do what you wanna do and have a good time, uh yeah

We can get down
We can get down

We can get down
It's for real what you feel, it's all good babe
It's all good babe, it's all good
We can get down
Now's the time make you mine like I should babe
It's all good babe, it's all good
We can get down
It's for real what you feel, it's all good babe
It's all good babe, it's all good
We can get down
Now's the time make you mine like I should babe
It's all good babe, it's all good
