

21st Century Girl

Joey Ramone

I want you in the evening
when the moon is full
I want you in the morning
when you're off at school
I want you in the night time,
you know that it's the right
time
I want you in the evening and
nobody else
I want you baby, all to
myself, yeah
I want you, be my 21st
century girl
I want you in the evening
when the moon is full
I want you in the morning,
baby, when you're off at
school
I want you in the night time,
you know that it's the right
time, baby
I want you in the evening and
nobody else
I want you baby, all to
myself, yeah
I want you, be my 21st
century girl
I want you in the night time,
you know that it's the right
time
You know that you drive me
crazy
I want you to be my girl
