

If We Stay Or If We Go

Joey Tempest

Everybody wants to move
It's such a human thing
To start again, try to win
See what tomorrow bring
People leaving distantly
Take one last look around
Lovers part
As there heart
Somehow they still bam

Will they ever really know?
Are they sorry if they stay or if they go
We work so hard to make it hear
Just to lead it on
But hey baby, they worked on for a thousand years
And they had to watch it fall
They always tempting us with all we're gonna make
A better life
A truer love
And we just can't resist

Will we ever really know?
Are we sorry if we stay or if we go?

It's all wrong, it's all right
It's all dark, it's all light

We're all flowing to this life
We hurt from what we learn
And when we're tired
We set the bridge on fire
And laugh and watch it burn

Will we ever really know?
Are we sorry if we stay or if we go?
Are we sorry if we stay or if we go?
