This could be your favorite song if you let it Maybe all the chords are wrong that's how we made it Just go and do that thing you do so well

Go be magnificent
Don't let anyone talk you down
You, you can do anything
'Cause you've always been
So magnificent be magnificent

This could be your lucky day if you let it Its not the words you throw away its how you say it Just go and do that thing you do so well

Go be magnificent
Don't let anyone talk you down
You, you can do anything
'Cause you've always been
So magnificent be magnificent
Magnificent be magnificent
