

# I Feel Fine

Johan

Hey  
I can remember what you told me yesterday  
You said you're leaving me, I'm mad, but please don't  
stay  
I forgot the way you looked when I told you I was hooked  
on you  
Well, it was a lie  
I am not the one that makes you sad, it's not my style

Can you recall how many times I didn't say  
- want to shoot a second, but you never listen -  
What could it be, it was supposed to be this way.  
You can't read between the lines  
Are you stupid or just blind, 'cause I'm already gone  
I don't need this anymore, I feel better than before  
So long

You can make me cry  
Can you make me smile one more time  
And I'll be satisfied  
A million lies  
Do you know you make me feel alright  
you make me feel alright  
Alright

I'm fine, I've got it all behind me  
Breaking up is easy when it's done  
I don't mind if this is what it takes  
'Cause I feel fine, yeah  
I feel fine
