

# Down On My Knees

John Cafferty & the Beaver Brown Band

I need a woman's special touch  
I need a lover's soul to trust  
I want you baby, you know it's true  
There's just one thing I would do for you  
Never say get down on, get down on my knees

Ooh baby, I'm a live wire  
A loaded pistol I'm ready to fire  
You know I want you by my side  
I ain't begging, I got my pride  
Never say get down on, get down on my knees

All I need is to set my soul free  
All I want is you to walk the line with me

You give me loving with a blind heart  
I want you baby, but never start  
Oooh baby, you're my one desire  
I'm the man that you can't deny  
Never say get down on, get down on my knees
