

# Open Road

John Cafferty & the Beaver Brown Band

As I ride this lonesome highway  
The desert wind across my face  
My mind slowly wanders  
To another time, another place

When the world was so much younger  
With no reason to hold back  
And we weren't so afraid of losing  
All the things we'd never had

Those days are gone forever  
Time to kiss the past goodbye  
Meet me out tonight  
On the open road

Baby we belong together  
If I had you by my side  
Meet my out tonight  
On the open road

Your had a dream you once believed in  
That burned inside you like a fire  
And that big wheel kept on turning  
Somehow that dream it passed you by

Now that fire just keeps on burning  
Leaves only hunger and desire  
Gotta find yourself a new dream  
And leave the rest behind

Those days are gone forever  
Time to kiss the past goodbye  
Meet me out tonight  
On the open road

Baby we belong together  
If I had you by my side  
Meet my out tonight  
On the open road

Somewhere over the horizon  
Where the darkness meets the light  
We'll marry all our dreams together  
Out on this open road tonight

Those days are gone forever  
Time to kiss the past goodbye  
Meet me out tonight  
On the open road

Baby we belong together  
If I had you by my side  
Meet my out tonight  
On the open road

Those days are gone forever  
Time to kiss the past goodbye

Meet me out tonight  
On the open road

On the open road  
On the open road  
On the open road
