

Captain Hook

John Cale

I lost my memory today
The day my ship set sail
Atlantic seas board east
To India
The seven seas
East India Company
Pass the Cape of Good Hope
But there is still no hope for me
I can't keep living like this this no more
I can't keep living like this this
I can't keep living like this this no more
O can't you see
You're losing me
Again
Tried to break India's back
But she broke the back of me
It was a painful sight
At least to me
I see the coast is riding out
The coast of India supreme
Under the seven seas
I hear they galloping
I can't keep living like this this no more
I can't keep living like this this
I can't keep living like this this no more
O can't you see
You're losing me
Again
By hook or by crook
I am the captain of this life
By hook or by crook
I am the captain of this life
By hook or by crook
I am the captain of this life
By hook or by crook
The captain of the light
