

Doo doo doo doo ooh
Whatcha gonna do
Whatcha you gonna do
Tell me, whatcha gonna do
Whatcha gonna do
Whatcha gonna do
Tell me, whatcha gonna do
Big black eagle's flying around
Flying around this town
One of these days he's gonna pay a visit
Drop his load on the ground
Whatcha gonna do
Doo ...
The people back in Nagasaki
They remember the day too well
When the big black eagle came flying around
Introduced them all to hell
And the people in Hiroshima
Hiroshima, mon amour
They remember when the children's hair fell out
And all their skin turned blue
Whatcha gonna do
Doo ...
The people back in Washington D.C.
They've got a curious sidelong glance
It goes all the way from Capitol Hill up to the
Pentagon
What they gonna do, what they gonna do
When China drops a bomb on you
What they gonna do, what they gonna do
When Peking drops a bomb on you
What they gonna do
Doo ...
