John Cale

Someone is always telling me
"You're just a loser"
But I don't pay them too much attention

So I go about my own way
I got portraits, stories, paintings,
lovers and things

I got something locked up inside me
Wanna find out what it is
Wanna find out what that something is
that's driving me out of my mind

What's that burning
Ah, what's that burning
Burning, burning in my blood
What's that burning, burning in my head
Burning, burning, burning in my head
Burn, burn, burn, burn
Engine
Engine
Engine
Engine...
