

## Perfect

John Cale

I can't help it  
You're perfect for me  
I couldn't care less  
You're perfect for me  
I've been waiting  
You're perfect for me right now  
In the moment  
You're perfect for me  
I've been waiting  
You're perfect for me  
I'm not perfect  
But you're perfect for me right now  
I've been waiting for the moment  
I'm not perfect  
But you're perfect for me  
I couldn't care less  
You're perfect for me  
From a distance  
You're perfect for me right now  
And I'm sitting next to you  
In a corner of a room  
Getting writers block  
From calling you is all I want to do  
I can't help it  
But you're perfect for me  
I'm not perfect  
But you're perfect for me  
From a distance  
You're perfect for me right now  
Its a different kind of love (repeat)  
I'm not perfect  
But you're perfect for me  
From a distance  
You're perfect for me  
In pyjamas  
You're perfect for me right now  
Its a different kind of love  
Perfect for me ...
