

Anything Love Can Buy

John Denver

I'll buy you the glow of an evening star
A song of the winds that cry
Promise you more than all you can dream
Anything love can buy

I'll give you the gold at the rainbow's end
The clouds of a summer sky
Tell me your wish, and so it shall be
Anything love can buy

A silver brook flowing down to the sea
Daffodils kissed by the sun
These are the treasures fortune gave me
Money I have none

Come walk by my side and hold my hand
We'll build our castles high
I'll give you the whole wide world on a string
Anything love can buy
Anything love can buy
