

# You're So Beautiful

John Denver

Born on a quiet morning  
Just a dream in someone's eyes  
A dream that's like a promise meant to be  
Giving rise to speculation  
On a place called paradise  
If I've ever been there  
It's when you were with me

You're so beautiful  
I can't believe my eyes  
Each time I see you again  
You're so beautiful  
That I'm in paradise  
Each time I see you again

I remember some hidden valley  
Where the skies are never still  
And alpine meadows burn in the evening light  
I remember the path to glory  
And the way around the hill  
I remember true love's eyes  
Shining in the night

You're so beautiful  
I can't believe my eyes  
Each time I see you again  
You're so beautiful  
That I'm in paradise  
Each time I see you again

And if paradise is everything you see  
Then the place you must be coming from  
Is ecstasy

You're so beautiful  
That I can't believe my eyes  
Each time I see you again  
You're so beautiful  
That I'm in paradise  
Each time I see you again

Just want to see you again  
I want to be with you again  
I just need to love you again  
Just wanna touch you again  
I just need to love you again  
I want to be with you again  
touch you again  
love you again  
with you again
