

# I'll Love You Forever

John Elefante

There are times when silence is golden  
There are times when words are misunderstood  
There are times we can't abort our feelings  
I'll shed light on the truth, regardless of my shame

And when all is said and done  
There is only an audience of one  
And all that I long to hear  
Familiar and ever so clear  
When you say these words to me...

I'll love you forever  
I'll love you untill time marries you  
I'll be there to hold you when you fall

And in a moment I will be waiting  
And in a moment You will be there  
I belong to what's true and what's loving  
I belong to You without a care

And maybe when I don't hear You  
It doesn't mean that I'm not listening  
Your words will go straight to my heart  
Familiar and oh so clear  
When You say these words to me...

You hear when I call out loud  
You hear when I call in silence  
And here I stand center stage  
With You alone as my audience  
You've heard my every song  
So don't make me wait too long  
Till I hear You say again, I love you
