

Success Story

John Entwistle

Friday night, I'm on my way home
They oughtta make work a crime
I'm home for the weekend
Gonna make the most of my time
There's a rock and roll singer
On the television
Givin' up his music, gonna take up religion

Abandoned rock and roll to try to save his soul

Saturday night, got a gig with the band
Playin' the electric guitar
Someday, I'm gonna make it
Gonna be a super-duper star
Buy a big flashy car
And a house for my ma
The big break better happen soon
'cause I'm pushin' twenty-one

Just like Cinderella,
when she couldn't go to the ball
