## **Success Story**

John Entwistle

Friday night, I'm on my way home
They oughtta make work a crime
I'm home for the weekend
Gonna make the most of my time
There's a rock and roll singer
On the television
Givin' up his music, gonna take up religion

Abandoned rock and roll to try to save his soul

Saturday night, got a gig with the band Playin' the electric guitar Someday, I'm gonna make it Gonna be a super-duper star Buy a big flashy car And a house for my ma The big break better happen soon 'cause I'm pushin' twenty-one

Just like Cinderella, when she couldn't go to the ball (a voice said),
