Hard Promises To Keep

John Farnham

I'm tryin' to believe in forever And I'm tryin' to believe in The little jewel box life we lead

Babe, I get so close sometimes All I really know is I believe That we've been makin' Hard promises to keep

You want me to believe in forever Do you know how tight I'm holding Just to keep my grip on yesterday?

But I'm trying hard to see the pretty pictures
That you paint for me
You know how tight I'm holding
To hard promises to keep

Promises are like little diamonds
Promises are like little hearts you meant to give away

I thought you'd want them back someday I kept them for you anyway But I know when I've been given Hard promises to keep

Promises are like little diamonds
Promises are like little hearts you meant to give away

I thought you'd want them back someday I kept them for you anyway But I know when I've been given Hard promises to keep

Promises are like little diamonds
Promises are like little hearts you meant to give away

I thought you'd want them back someday I kept them for you anyway But I know when I've been given Hard promises to keep
