Blue Moon Nights

John Fogerty

1. Help me, fellas, I'm feelin' kinda weak
   The way I'm livin' just ain't right
   I need someone to watch over me
   All my blue moon nights

2. I want a girl to take me by the hand
   Lead me right down the line
   Hold me gently while we dance
   All my blue moon nights

R: Heaven only knows I don't wanna be
   Just a fool passin' through
   Won't you send an angel to walk with me
   All my blue moon nights

3. Help me, fellas, it's gettin' kinda late
   We're runnin' out of precious time
   She might pass me while I waste
   All my blue moon nights

R:
