

# Rattlesnake Highway

John Fogerty

It may look easy  
When you look at me  
But it took years of effort  
To become the mess that you see

Now what kind of woman  
Take you for a ride  
Down the rattlesnake highway  
An' leave you busted up inside  
All busted up inside

Smiles like a cobra  
With her rattlesnake eyes  
'n leave you for dead on the highway  
Just mumblin' at the sky

She did me wrong  
She did me wrong  
She did me wrong  
Tell me, she did me

Smiles like a cobra  
With her rattlesnake eyes  
'n leave you for dead on the highway  
Just mumblin' at the sky

Now she did me wrong  
She did me so wrong  
She did me wrong  
You know she did me so wrong  
Get me outta here
