

# Tombstone Shadow

John Fogerty

Tombstone shadow  
Stretchin' across my path  
Tombstone shadow  
Stretchin' across my path  
Every time I get some good news  
There's a shadow on my back

Well, I saw the gypsy man  
'Way down in San Berdoo  
Well, I saw the gypsy man  
'Way down in San Berdoo  
Five dollars on the table  
Keep me 'way from my tomb

Said I got thirteen months of bad luck  
Bound to be some pain  
"Don't you do no trav'lin'  
Fly in no machines"

Tombstone shadow  
Stretchin' across my path  
Every time I get some good news  
There's a shadow on my back

Every time I get some good news  
There's a shadow on my back
