

Burning Car

John Foxx

She was dressed in a white suit
She looked like a bride too

It's a burning car
It's a burning car

Then I looked at the sunset
And it felt like a stage set

It's a burning car
It's a burning car

Alright

And I looked at my watch face
I remembered the time and place

It's a burning car
It's a burning car

And I breathed in the night perfume
As we met in the dark room

It's a burning car
It's a burning car

Alright
