

# Endlessly

John Foxx

When she walks out she's illuminous  
When she turns 'round she is someone else  
And I can't fight  
Can't find the rule or the exception

She moves towards me endlessly  
Endlessly...  
Endlessly...

Turns her face into music...  
Into fog...  
Voice behind me  
Says "go on"  
So I go on towards her endlessly  
Endlessly...  
Endlessly...

Switch the scene  
Sun is rising  
Summer trees  
Someone smiling  
She moves towards me endlessly  
Endlessly...  
Endlessly...

She walks out she's illuminous
