

## He's A Liquid

John Foxx

He's an angle  
She's a tangent  
There's some flowers on the bathroom floor  
He's a clicktrack  
Now she makes a flashback

He's a liquid

He's a laugh  
She's a graph  
He wears a sticky white shirt and tie  
In those viscous clothes  
His watch hand glows

He's a liquid

She's elusive  
He's adhesive  
He's a trickle down a falling wall  
They get married too much  
She's a soft touch

He's a liquid

He pulls  
She pushed  
They read The Bible about the flood  
She draws the curtains  
'cause now she's certain

He's a liquid
