

Get on Top

John Frusciante

Get on top get on top

Hit me come get me I bite but she bit me

Go-rilla cunt-illa
Sammy d and salmonella
Come with me 'cause I'm an ass killer
You're I'll but I'm iller

I'll malinge on your block and
Give the finger to a cop and
Pick a lock before I knock and
Set you up to get on top

Complications of a mastermind
Last temptation of my kind
Extra planetary sign
When do we align
All in time
Right on

Get up come sit up I light but she lit up

Grass hopper show stopper
The life of a wife swapper
Come with me 'cause I'm a big bopper
You do but I wopper

Exterminate my cause
You want to draw some straws
Be the one to see my flaws
Make me bleed with painted claws

Complications of a mastermind
Last temptation of my kind
Extra planetary sign
When do we align
All in time
Right on

Get on top get on top

Hit me come get me I bite but she bit me

Speed baller rhodes scholar
Bottom bitch and a bottom dollar
Come with me 'cause I'm a free faller
You hoot but I holler

I'll malinge on your block
Give the finger to a cop and
Pick a lock before I knock on
Set you up to get on top
