

## Representing

John Frusciante

I'm representing a face of light  
I'll take your place, it's only right  
I don't hesitate this time  
I'm only seen 'til I arrive  
I'm reappearing and I'm holding back  
I steal this field if I relax  
You've never moved the end  
You'll shake out of yourself again  
Revealing the face that's frozen cold  
Hey y'all  
Raise the rain the other way  
Hey y'all
