

## Sailing Outdoors

John Frusciante

Evened it out all along  
sailing outdoors  
By the sun came through the shore  
now I'll lie in-doors  
for a long day  
lean on the ocean  
burn all the skies

Scatter the days around us  
have a lemonade in paradise

Where did you go laying on  
I see that it shows my smile  
Under the flame lay it all  
The sky around us

Thoughts I need far away  
Could be on that only way

Sailing outdoors  
for the sun  
leaving a wave behind me  
hmmm hmmm hmmm hmmm
