

## What I Saw

John Frusciante

There's one room  
There's one light  
There's one night  
In the fire  
In the pain  
In the wire  
This from me  
This one lie  
That seems right  
Time can't climb  
It can't be  
It can't see  
I see to be right  
I fall down tonight  
I go to hell to be what I sell  
Falling again is such a welcome end  
Can the end of today be more than tonight  
Echoes of these far reaching sights  
Stuck with the pain of knowing you should have tried  
Give me your hands  
And we'll never die  
This love song  
It sits wrong  
It means jack  
The time's right to be wrong  
All night long  
I feel good  
I feel so far away  
This is mine  
It could be anyday  
I saw what I saw  
I call up a man  
Distance is what gets me right in  
I had a hand in everyone losing their place  
Never must stop  
It's stealing my heart  
A moment to squeeze begging on its knees  
I know I'll never be right beyond tonight  
Give me your hands  
And we'll never die
