

# Don't Bug Me When I'm Working

John Hiatt

Don't bug me when I'm working,  
I'm working, I'm working  
Don't bug me when I'm working,  
Got a job to do  
Don't bug me when I'm working,  
I'm working, I'm working  
Don't bug me when I'm working  
I don't work for you

If you bug me at work  
I can't get it done  
Too tired, baby,  
To have any fun  
If you got complaints, better keep 'em hid  
Don't come 'round here and mess with the kid

Don't bug me when I'm sleepin'  
I'm sleepin', I'm sleepin'  
Don't bug me when I'm sleepin'  
'Cause I need my rest  
Don't bug me when I'm working  
I'm working, I'm working  
Don't bug me when I'm working  
Got to buzz awhile  
I said don't bug me hen I'm working,  
I'm working, I'm working  
Don't bug me when I'm working  
I don't work for you  
Don't bug me when I'm sleepin'  
I'm sleepin', I'm sleepin'  
Don't bug me when I'm sleepin'  
Got work to do

Now you bug me at home  
When I'm tired and beat  
Can't even stand on my own two feet  
You call on the phone, you make me uptight  
And I can't even work, with my baby at night

Don't bug me when I'm working  
I'm working, I'm working  
Don't bug me when I'm working  
Got a job to do  
Don't bug me when I'm working  
I'm working, I'm working  
Don't bug me when I'm working  
I don't work for you

Don't bug me  
'Cause I don't work for you  
Don't bug me  
Mister I don't work for you  
Don't bug me, don't bug me  
'Cause I don't work for you  
Don't bug me, don't bug me  
'Cause I don't work for you

At the sound of the tone  
Better hang up the phone  
If you want to be my friend  
Don't bug me when I'm workin'
