

# Face Of God

John Hiatt

Tell me how much more suffering  
Before you see the face of God?  
Tell me how much more suffering  
Before you see the face of God?

Now my eyes are blind from crying  
Don't know how many more tears I've got!

They say God is a devil,  
Until you look him in the eye.  
They say God is a devil,  
Until you look him in the eye.

I can barely lift my head up,  
And sometimes I don't even wanna try.

I'm not looking for love, baby  
Looking how I'm looking,  
Anybody tell me where all love go!?

I know I want something  
Before you see the eyes of God  
Cause I'm busting down to nothing  
And its a long down road I'm on.

How does them show up yesterday?  
Like a rain come down from the cloud.  
I just didn't showed up yesterday  
Like a rain come down from a cloud.

I was own blood from the enemy  
Long before my neighbors got proud.

They ride a big fancy cars,  
Then like to cut the grass they sow  
They ride a big fancy cars,  
Then like to cut the grass they sow

I'm doing cartwheel on the front lawn  
I'm still coming to the kitchen door.

Tell me how much more suffering  
Before you see the face of God?  
Tell me how much more suffering  
Before you see the face of God?

Now take my shit, baby  
Why don't you tell me what you got?
