## **Radio Girl**

Get in your car and go Dependin' on how you feel Turn up your radio DJ says the love is real He thinks it's the latest sensation And you just keep changin' the station (believe me baby) Do you know what love is about Heard it on your stereo Ev'rybody does without Brokenhearted comic book hero Don't worry your pretty little head now honey It's only top twenty

Whoah oh oh Radio girl Radio girl Livin' for that three minute song Welcome to the real world Transistor sister That's right mister The Radio Girl

And ev'rybody's waiting for Fairy godmother to show You ain't holdin' your breath anymore Turn up the radio Here's a song just came in from left field And you're goin' rite thru the windshield

They wanna know What's wrong with you They want you to Come out and play You're gonna push in all the buttons Blow them all away They got their whole lives to tell you How much stuff they can sell you John Hiatt
