

Stick By Me

John Holt

Stick by me (and) I'll stick by you
Stick by me (and) I'll stick by you
My life on earth would be useless can't you see
If I didn't have you to stick by me.

I love you darling and that's no lie, Stick by me...
When you cry, I cry, too, Stick by me...
Remember my heart and my love belong to you, oh
Stick by me and I stick by you

Friends may try to hurt us
Scandalize our relate
Noone, noone can tear us apart
you've got a place in my heart

I love you darling and that's no lie, Stick by me...

Friends may try to hurt us...

I love you darling and that's no lie, Stick by me...
When you cry, I cry, too, Stick by me...
Remember my heart and my love belong to you, oh
Stick by me and I'll stick by you
Stick by me and I'll stick by you
