Drifting Blues

John Lee Hooker

Well, I'm driftin' and driftin' Like a ship out on the sea Well, I'm driftin' and driftin' Like a ship out on the sea Well, I ain't got nobody In this world to care for me

I get all my money Tell me, what more can I do? I get all my money Tell me, what more can I do? She's a good lookin' girl Why don't she just won't be true?

Well, I'm down here by myself
I'm down here by myself
I ain't got nobody, baby
In the world to care for me, yes baby, baby

Yeah my baby Would only take me back again Yeah my baby Would only take me back again Well, I ain't good for nothin' I don't have a friend Babe, honey
