

# Everybody Rockin'

John Lee Hooker

People will start the rockin', even ... broke the law  
People will start rockin', even ... broke the law  
I say everybody rockin', I'm gonna rock some too

The whole world rockin', I'm gonna rock some too  
The whole world rockin', baby let's rock some too  
Baby let's get together, baby rock all night long

Well the old folks rockin', the young folks too  
Let's get together, we will rock 'em too  
The whole world a rockin', whole world a rockin'  
Well the whole world a rockin', I'm gonna rock some too, yes

Baby let's get together, baby let's rock the night  
Baby let's get together, baby we will rock the night  
Baby don't be late, 'cause everybody's rockin' too
