Everybody Rockin'

John Lee Hooker

People will start the rockin', even ... broke the law
People will start rockin', even ... broke the law
I say everybody rockin', I'm gonna rock some too

The whole world rockin', I'm gonna rock some too
The whole world rockin', baby let's rock some too
Baby let's get together, baby rock all night long

Well the old folks rockin', the young folks too
Let's get together, we will rock 'em too
The whole world a rockin', whole wordl a rockin'
Well the whole world a rockin', I'm gonna rock some too, yes

Baby let's get together, baby let's rock the night
Baby let's get together, baby we will rock the night
Baby don't be late, 'cause everybody's rockin' too
