

Let Your Daddy Ride

John Lee Hooker

Lower down your chariot, baby
And let your daddy ride
Low down your chariot, baby
And let your daddy ride
'Cause your daddy's sick and tired
You know I wanna lay down

I hold out my handle
I stretch forth hand to thee
Hold out my handle girl
And I stretch forth hand to thee
I gonna love you little girl
I don't want nobody else

Yeah, little girl
I got to leave you now
Yeah, little girl, little girl
I got to leave you now
