

Process

John Lee Hooker

I don't want no woman, crazy 'bout a process head
I don't want no woman, crazy 'bout a process head
She a process head, it's almost simple head

Ain't got no money, only got a hair-do fare
Ain't got no money, only got a hair-do fare
Ain't got a dime, enough to your hair did right

Been a fool one time, crazy over process head
Been a fool one time, crazy over process head
That no-good woman, almost drove me insane
Have mercy she begged

Lord, have mercy, on this processing fool
Lord, have mercy, on, on this processing fool
She won't have a process head, she's seen*
Walking up and down the street
Have mercy, have mercy, with a processing fool
