

Everybody Knows

John Legend

1. It gets harder every day, but I can't seem to shake the pain
I'm trying to find the words to say, please stay
It's written all over my face, I can't
Function the same when you're not here
I'm calling your name and no one's there
And I hope one day you'll see nobody has it easy,
I still can't believe you found somebody new
D# (high)
But I wish you the best, I guess.

R: 'Cause everybody knows, that nobody really knows
Fm D# (low)
How to make it work or how to ease the hurt
We've heard it all before, that everybody knows
How to make it right, I wish we gave it one more try (try)
One more try (try)
One more try
'Cause everybody knows, but nobody really knows

2. I don't care what people say, they're probably lonely anyway
Baby don't fill up your head, with he said, she said
It seems like you just don't know, (don't know)
The radios on, you tuning me out
I'm trying to speak, you're turning me down
And I know one day you'll see nobody has it easy,
I still can't believe you found somebody new
But I wish you the best, I guess

R: 'Cause everybody knows...

*: Oh I wish you'd understand
Bdim D# (high)
Oh, just an ordinary man
Wish that we'd have known
Everybody knows, but nobody really knows
And I know one day you'll see, nobody has it easy
I still can't believe you found somebody new
D# (low)
I wish you the best, I guess.

R: 'Cause everybody knows...
