

Lifted

John Legend

I've got something new for you
When it hits you won't know what to do
Relax, let me move you
Don't resist it's in the air
Just one taste will take you there
Let it flow right through you

I know you getting tired of the same old thing
I'm ma break the rules gonna change the game
You'll be screaming my name
And I'm ma take you places you've never seen
You couldn't picture this in your wildest dreams
But don't fear 'cause you're here with me

So let's get lifted
(Lifted)
Ooh, I'm gonna get you high
I'm really gonna blow your mind
We'll get lifted
(Lifted)
You're gonna feel it in your soul
And baby you will lose control
We'll get lifted, high
Ohh, ohh

Once you take a hit of this
You won't ever wanna quit
You'll be so addicted
Said I'll have you spinning round and round
Crazy, making freaky sounds
You won't want to come down

And I'll have you seeing things and hallucinating
Even walking funny 'cuz your legs are shaking
All night we'll be blazin'
I'll take you for a walk to the other side
We can get high and enjoy the ride
Hold tight we'll be alright

So lets get lifted
(Lifted)
Ooh I'm ma get you high
I'm really gonna blow your mind
We'll get lifted
(Lifted)
You're gonna feel it in your soul
And baby you will lose control
We'll get lifted
(High)
Ohh

So come and go
(So much I wanna show you I'll take you there)
Yeah, I'll take you there, let me take you there
Said I will show you
(So much I wanna show you I'll take you high)
Yeah, I'll take you there, come on let me take you there

Said I will show you
(So much I want to show you, I'll take you high)
I'll take you there, come on let me take you there
Show you blaze
(So much I want to show you)
Show you some ...
(I'll take you high)
Sweet lights, enjoy the ride
Sweet lights, enjoy the ride

So much I want to show you, I'll take you high, high
So much I want to show you, I'll take you high, high
So much I want to show you, I'll take you high, high
