

# Save Room

John Legend

Say that you stay a little  
Don't say bye bye tonight  
Say you'll be mine just a little bit of  
love Is worth a moment of your time

Knocking on your door just a little  
so cold outside tonight  
let's get the fire burning  
I know, I keep it burning right

If you stay, won't you stay - stay

Save room for my love  
save room for a moment to be with me  
save room for my love save a little  
save a little for me  
won't you save a little  
save a little for me - ohh

This just might hurt a little  
love hurts sometimes when you do it right  
Don't be affraid of a little bit of pain  
pleasure is just on the other side

Let down your guard just a little  
I keep you safe in these arms of mine  
Hold on to me - pretty baby  
You will see I can be all you need

If you stay, won't you stay - stay

Save room for my love  
save room for a moment to be with me  
save room for my love save a little  
save a little for me  
won't you save a little  
save a little for me - ohh

[pa-ya-pa-pa] - [pa-ya-pa-pa] - [pa-ya-pa-pa] - [da-da-da]

Ohhh come on

Make time to live a little  
don't let this moment slip by tonight  
you never know what you are missing untill you try  
I keep you satisfied  
if you stay, won't you stay - stay

Save room for my love  
save room for a moment to be with me  
save room for my love save a little  
save a little for me  
won't you save a little  
save a little for me - ohh

Save room for love

save room for a moment to be with me  
save a little, save a little for me  
won't you save a little  
save a little for me
